

Mind By Design® offers comprehensive clinical supervision services led by Ellie Borden, BA, RP, with over 20 years of clinical experience and nearly a decade as a supervisor. She provides individualized and group supervision sessions tailored to interns, Registered Psychotherapists (Qualifying), MSWs, and other mental health professionals. These sessions cover case consultations, ethical guidelines, and professional development. Supervision is available online via a secure platform, accommodating both new professionals and those seeking ongoing support.
